Dear Karin

I just wanted to let you know how grateful I am to have you in my life. You helped, assisted and saved me, you brought me items, that help my every day life, you motivated me and pushed me not to give up. You keep on installing good memories, like my first time in the hotel with the others- I was so happy it was a nice experience for me and your kindness, humor, support means everything to me. Thanks for always being there—couldn't do this without you. You make me and us happy. Big hugs, Thamie

Mommy oh where do i even start to express how grateful we are for everything you've done for us? You've been more than just a guardian- you've been a guiding light, a source of love, and a pillar of strength for both me and my son. Your kindness, care, and sacrifices haven't gone unnoticed. We feel so lucky to have you in our lives. Every month, your thoughtful support helps us in ways words can't describe. But it's not just about the financial help it's the love, warmth, and thoughtfulness behind every gesture that touch our hearts . The time you've taken us out for delicious food, made us laugh, and created beautiful memories with your friends are treasures we'll always hold dear. Seeing you happy and surrounded by people who care makes us happy too! Your friendship and the bond we share with you and your friend means the world to us. We've had so much fun together, and we look forward to many laughter filled days. You've shown us what true compassion and generosity look likeMy son and i we are so grateful to have a role model like you. We love you more than words can say, and we hope you know that we're here for you always.

Appreciation Letter

Greetings my good friend Karin Kedem. It's Sibah Musiq (Sbongiseni Langa) here. I hope this message finds you well.

As I'm writing this message to you, a lot come to my mind and I am overwhelmed, I feel loved and protected. Looking at where I come from, where I am now, and where I'm going. My heart is filled with gratitude, and soooooo much love for you. I just wanna thank you soooooo much for all the things you do for me. You've done a lot for me, from something as big as taking me to school, to a simple cup of coffee and a meal you've bought for me. I am deeply grateful for it all. I appreciate you. Your kind heart, your advice to make me a better human being, our simple talks and serious ones too have shaped me to be the man I am. My 1st flight ever in my life was all because of you.

With you in my life I've seen what the rest of the world is like since I have never been to any other countries especially outside of Africa. Thank you for bringing knowledge and wisdom from all the places you've travelled to our world here in South Africa.

I would like to extend my gratitude to your family for allowing you to be you and do what you do. To your friends, colleagues, neighbours and the organisations that have donated all these years so that you can make our dreams possible this side. I extend this appreciation on behalf of others as well, the family we've created through you. I know much everything you do for them mean to them. Thank you thousands times more. Wishing you a long life. As we're approaching December and the holidays. May the Lord Almighty keep you and your family safe and sound.
Much love , *Sibah Musiq*
